***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the prior art fails to disclose the particular remote controlled instrument as set forth in the instant application claims. In particular, the Sato et al device fails to disclose the particular clip member and remote control section having a spring biasing means as set forth in independent claim 2. Further, Sato et al fails to disclose a pinching mechanism slidably retained in the operating member, and the operating member slidable in a main body as set forth in independent claim 4. Similarly, Sato et al fails to disclose the particular slidable relationship for the operating member having the biased clips as set forth in independent claim 11. An updated search of the prior art provided no more relevant art than that currently of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Peffley whose telephone number is (571) 272-4770. The examiner can normally be reached on Mon-Fri from 6am-3pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda Dvorak can be reached on (571) 272-4764. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
